

# Retirement – Design and Accounting, Canada Exam

Spring/Fall 2018

## Important Exam Information:

### [Exam Registration](#)

Candidates may register online or with an application.

### [Order Study Notes](#)

Study notes are part of the required syllabus and are not available electronically but may be purchased through the online store.

### [Introductory Study Note](#)

The Introductory Study Note has a complete listing of all study notes as well as errata and other important information.

### [Case Study](#)

A copy of the case study will be provided with the examinations. Candidates will not be allowed to bring their copy of the case study into the examination room.

### [Past Exams](#)

Past Exams from 2000 - present are available on the SOA website.

### [Updates](#)

Candidates should be sure to check the Updates page on the exam home page periodically for additional corrections or notices.

*Canadian version of this exam is recognized by the Canadian Institute of Actuaries.*

Retirement Benefits – Design and Accounting Canada Exam  
Spring 2018/Fall 2018

**1. Topic: Benefit Plan Structure and Features**

**Learning Objectives**

The candidate will understand how to analyze different types of registered/qualified retirement plans and retiree health plans.

**Learning Outcomes**

The Candidate will be able to:

Describe the structure of the following plans:

- a) Traditional defined benefit plans
- b) Defined contribution and savings plans
- c) Hybrid plans
- d) Retiree health plans
- e) Other alternative retirement plans

Given a plan type, explain the relevance, risks and range of plan features including the following:

- a) Plan eligibility requirements
- b) Benefit eligibility requirements, accrual, vesting
- c) Benefit / contribution formula, including the methods of integration with government-provided benefits
- d) Payment options and associated adjustments to the amount of benefit
- e) Ancillary benefits
- f) Benefit subsidies and their value, vested or non-vested
- g) Participant investment options
- h) Required and optional employee contributions
- i) Phased retirement and DROP plans

**Resources**

Retirement Benefits – Design and Accounting Canada Exam  
Spring 2018/Fall 2018

**3. Topic: Participant Risks**

**Learning Objectives**

The candidate will be able to analyze the risks faced by retirees and the participants of retirement plans and retiree health plans.

**Learning Outcomes**

The Candidate will be able to:

- a) Identify risks faced by retirees and the elderly.
- b) Describe and contrast the risks faced by participants of
  - i. Government sponsored retirement plans
  - ii. Single employer sponsored retirement plans
  - iii. Multiemployer retirement plans, and
  - iv. Social insurance plans
- c) Evaluate benefit adequacy and measure replacement income for members of a particular plan given other sources of retirement income.
- d) Propose ways in which retirement plan and retiree health plan designs can manage the range of risks faced by plan participants and retirees.

**Resources**

- *Retirement Plans - 401(k)s, IRAs and Other Deferred Compensation Approaches*, Allen et al., 11<sup>th</sup> Edition, 2014
  - Ch. 11 (excluding pp. 198-200), 14 (pp. 250-263) & 17 (pp. 317-323)

Retirement Benefits – Design and Accounting Canada Exam  
Spring 2018/Fall 2018

**4. Topic: Sponsor Risks**

**Learning Objectives**

The candidate will be able to evaluate plan design risks faced by sponsors of retirement plans and retiree health plans.

**Learning Outcomes**

The Candidate will be able to:

- a) Identify how plan features, temporary or permanent, can adversely affect the plan sponsor.
- b) Assess the risk from options offered, including:
  - i. Phased retirement
  - ii. Postponed retirement
  - iii. Early retirement
  - iv. Option factors
  - v. Embedded Options
  - vi. Portability Options
- c) Recommend ways to mitigate the risks identified with a particular plan feature.
- d) Analyze the issues related to plan provisions that cannot be removed.
- e) In a given context, assess the effect that changes in plan design might have on collective bargaining agreements.
- f) Assess the impact of possible changes in plan design due to changes in legislation.

**Resources**

## 5. Topic: Sponsor's Goals and Benefit Plan Design

### Learning Objectives

The candidate will be able to evaluate sponsor's goals for the retirement plan, evaluate alternative plan types and features, and recommend a plan design appropriate for the sponsor's goals.

### Learning Outcomes

Given a context, the Candidate will be able to:

- a) Describe ways to identify and prioritize the sponsor's goals related to the design of the retirement plan.
- b) Assess the trade-offs between different goals.
- c) Assess the feasibility of achieving the sponsor's goals for their retirement plan.
- d) State relationships or recognize contradictions between a sponsor's plan design goals and the retirement risks faced by retirees.
- e) Identify the ways that regulation impacts the sponsor's plan design goals.
- f) Design retirement programs that manage retirement risk and are consistent with sponsor objectives.
- g) Design retirement programs that promote employee behavior consistent with sponsor objectives.
- h) Evaluate the pros and cons from both a sponsor and employee perspective of introducing options that impact the labor force demographics.
- i) Recommend a method to integrate government-provided benefits with retirement plan designs in order to meet the plan sponsor's particular goals and defend the recommendation.
- j) Advise a plan sponsor regarding the choice of design elements for their retiree health program.
- k) Evaluate and incorporate, as appropriate, different social insurance and employer sponsored plan types and features that occur internationally in providing recommendations.
- l) Give examples of plans that are appropriate for multinational companies and their employees including third country nationals and expatriates.
- m) Recommend an appropriate plan type and plan design features for providing retirement benefits and defend the recommendations.

## 8. Topic: Funding Policy and Accounting Standards

### Learning Objectives

The candidate will be able to recommend and advise on the financial effects of funding policy and accounting standards in line with the sponsor's goals, given constraints.

### Learning Outcomes

The Candidate will be able to:

- a) Perform valuations for special purposes, including:
  - i. Plan termination/windup
  - ii. Accounting valuations
  - iii. Open group valuations
  - iv. Plan mergers, acquisitions and spinoffs
- b) Analyze, recommend, and defend an appropriate funding method and asset valuation method in line with the sponsor's investment policy and funding goals.
- c) Demonstrate how the retirement plan's cash inflows and outflows can affect the plan sponsor.
- d) Advise retirement plan sponsors on funding costs including tax deductibility, required contributions and other alternatives to meet the sponsor's goals, consistent with government regulation.
- e) Advise plan sponsors on accounting costs and disclosures for retirement plans under various standards and interpretations.
- f) Demonstrate the sensitivity of financial measures to given changes in plan design.
- g) Describe how a plan's funded status can impact union negotiations and multiemployer plans.
- h) Perform and interpret the results of projections for short and long range planning including the effect of proposed plan changes.
