Rescheduling*:

- If you wish to reschedule your exam, P, FM, IFM, GIINT, SRM, or STAM the quickest and easiest way is to do it online, which is available 24 hours a day, seven days a week. Go to the Prometric site and use the reschedule function. Rescheduling may result in a fee paid directly to Prometric. For further assistance, contact the Prometric Customer Service Center. *Rescheduling the PA exam appointment is not an option since it is a single exam day administration.

Candidates may only reschedule an appointment within the same testing window. For example, if you are registered for exam P in January, you must reschedule an appointment within the January testing window. You will not be able to reschedule for the next exam P administration in a different month.

Cancellation/Reschedule Period	Fee
Reschedule 30 or more days before appointment date	None
Reschedule 2-29 days before appointment date	\$50.00 until January 31, 2019, Starting February 1, 2019 \$70.00.
Cancellation or Failing to appear at appointment on time	Forfeiture of exam fee

No correction can be made once the 48 hour window has passed, and we are unable to provide authorization to reschedule within 48 hours of appointment date.

- When a test center is closed due to weather-related issues or events outside of the test administrator's control, you will be contacted by the Prometric Candidate Care Team within 48-72 hours to reschedule your appointment.*
- Be sure to arrive at the testing center at least 30 minutes in advance of your appointment – take into consideration traffic, weather, transportation means, etc. If you arrive exactly when the test is to begin, or later, you may not be allowed in to take the test, forfeiting your appointment.*
- **Appointment Duration vs. Exam Time** – The appointment duration includes the time for you to review a pre-exam tutorial as well as a brief post-exam survey, in addition to the exam time. The exam time varies by exam and that information can be found on the exams home page and in the first paragraph of the specific exam's syllabus.

CBT Exam Appointment Duration, P, FM, IFM, SRM, STAM, and GIINT

Pre-exam Tutorial	12 minutes
Exam Time	Varies by exam. It can be found on the first paragraph of the specific exam's syllabus.
Post-exam Survey	15 minutes

CBT Exam PA Appointment Duration

Pre-exam Tutorial	
Exam Time	Five-hour and 15-minute project
Post-exam Survey	

Preliminary/Instant Test results will appear after the post-exam survey; excluding any exams that have had recent syllabus changes and the Exam PA.

A diagnostic representation is provided if the result shows you were unsuccessful in achieving the passing score; excluding any exams that have had recent syllabus changes and the Exam PA.

(Note: exams that have recently been changed, the Preliminary /Instant Test Results and the Diagnostic Representation are suspended for a few exam sessions since post-exam analysis will be required by the examination committee. Instead, results will be released on the SOA website approximately 8 weeks after each testing window ends.)

- When you arrive at the testing center, be prepared for enhanced security check-in.*
- You can only bring the approved calculators listed on the SOA website.*
- You must use the pencils, erasers, and scratch paper provided at the testing center – you cannot bring your own. If you need more than what is normally given, ask the test administrator. Used scratch paper must be turned in to the TCF so you should manage your work to ensure that you do not need to turn in a scratch booklet with a problem in progress.
- Only a limited amount of possessions are allowed in the room – please check Prometric's website to verify.*
- CBT Language Options
English is the only language option outside of Canada.
Candidates taking their exam in Canada will have English or French language options.

- If English is selected the entire testing experience is in the English language.
 - If French is selected, the candidate sees a split screen (English on the left-hand side/French on the right-hand side). The tutorial and the final Score Report are entirely in French. The examination portion is completely in English with the navigation ability to select a French translation of the exam question.
- Dress comfortable for the exam. As test room temperatures and personal comfort zones vary, it is recommended that you bring a sweater or jacket to the sessions.
- Complaints – What to do during and/or after the exam:
 - It is highly suggested to document technical issues with your testing center by speaking immediately with a TCF Staff working at that testing center.
 - If you experience any occurrences at the center, [register a complaint with Prometric](#).* You will receive a reference number for the complaint, and a response within 48 business hours. If the issue can be resolved on a call, please proceed to call the [Prometric Customer Service Center](#).*
